MOST OF DOMINION SUFFERS BUFFETING OF CRUEL BLIZZARD

Prairies Hardest Hit by Storm Which Takes Two Lives—Cold in Ontario Relieves Flood Threat — Roads and Railway Snow-Blocked in Eastern Provinces

(By The Canadian Press)

A BLIZZARD that extended almost from coast to coast left two dead last night as Canadian transportation and communication systems recovered slowly from one of the worst buffetings of the Winter.

Striking hardest in the Prairie Provinces, the storm killed Earl McClelland, a Manitoba Province relief worker, found dead from exposure at Middlechurch, just north of Winnipeg, and Johnny Wright, sixty-eight-year-old Indian of Saskatchewan's Moosomin Reserve.

A LONG FIGHT

Towering snowdrifts and biting winds defied police for thirteen hours before the officers broke through and discovered Wright's frozen body, fifteen miles from North Battleford.

Colder weather was hailed in Ontario as an antidote against flood threats brought by the storm. Break-up and jam of ice in various streams ceased as the mercury dropped sharply and while water still flowed over some highways, it was believed danger of serious inundation was past.

In both Quebec and Ontario many roads were snowblocked. Near Rawdon, Que., about forty miles north of Montreal, 150 passengers were picked up and brought into the metropolis in a special train after spending Sunday night in railway coaches when the Canadian National Railways line became blocked.

IN THE MARITIMES

Stormy, cold weather continued in the Maritimes. Sleet and fog were reported at Saint John, where on Sunday night two inches of snow accompanied a brisk northeast wind. Strong westerly winds blew down on Nova Scotia and heavy rain followed Sunday's snow.

SAYS PROBLEMS QUITE SIMILAR

Hepburn Thinks Canada Should Adopt Australia's Financial System

LOS ANGELES, Feb. 20 (AP)—Premier Mitchell Hepburn of Ontario returned to this continent today from a trip to the Antipodes, optimistic that Canada might adopt Australia's financial system.

Preparing to leave by train for Ontario, via Vancouver, Mr. Hepburn said:

"Canada has no Federal fiscal system, but Australia has been operating under such a set-up as an experiment.

"Financial problems of Australia and our Dominion of Canada are very similar, and we were tremendously impressed with the way Australia's new system is working out.

IMPROVEMENT IN TRADE

"Benefits of the system to business are reflected in a general improvement of commerce, notably the export trade. We hope a similar system for Canada will be proposed in the Dominion Parliament."

He forecast closer economic cooperation among democratic nations as a result of aggressions by totalitarian states and said Australia was enthusiastic regarding reciprocal trade agreement with the United States.

Accompanying him on the trip were his secretary, R. H. Elmhirst; Colin Campbell, Provincial Minister of Public Works, and Chester Walters, Provincial Deputy Treasurer.

OBJECT TO USE OF UNIVERSITY'S NAME

LONDON, Feb. 20 (CP)—The Board of Trade today considered arguments against an application by Dr Frank Buchman's Oxford Group for a licence to form a company. Objectors argued its name was misleading. A. P. Herbert, author and member of Parliament for Oxford University, protested in the House of Commons that the religious organization's name implied "some special connection with the University of Oxford not justified by the facts."

TO IMPROVE TRADE DEALS

Prime Minister Seeks Closer Relations With Four European Countries

LONDON, Feb. 20 (CP)—Prime Minister Chamberlain's European appeasement policy began to take new form today with an announcement Great Britain is seeking closer trade relationships with Russia, Finland, Poland and Germany.

The Prime Minister announced in the House of Commons that Robert Hudson, parliamentary secretary to the Department of Overseas Trade, will go to Moscow and other northern capitals after he and Oliver Stanley, President of the Board of Trade, visit Berlin during trade negotiations between the British Federation of Industry and the corresponding German association.

DOUBLE SIGNIFICANCE

Great Britain's approach to Russia has both economic and political aspects. Mr. Hudson's visit will deal primarily with trade, but the wider question of co-operation in the international field will not be overlooked.

Behind the Government's economic missions, which concern countries as politically dissimilar as Russia and Germany, is businessman Chamberlain's desire "to improve and consolidate our relations with other governments." It is his way of carrying his policy of realism a step farther.

IMPROVED RELATIONS

The decision to send Mr Hudson to Moscow was regarded as a distinct change toward warmer political relations with the Soviet Union. This was signified also, some observers thought, by a dinner given tonight for Viscount Halifax, Mr Chamberlain's Foreign Secretary, by Ivan Maisky, Russian Ambassador to London.

Lord Halifax was reported to have astonished some Conservative members of Parliament by his friendly references to Russia in a talk on foreign affairs at a private meeting with them a few nights ago.

Fire Destroys Tourist Centre

LOS ANGELES, Feb. 20 (AP)—China City, Los Angeles tourist centre constructed only recently, was destroyed by fire today, with a loss of $200,000, and police began an investigation to determine if the fire was incendiary. Nine cafes, tourist stores, art shops and theatre buildings burned.

Comox Coal Miners Walk Out in Dispute Over Transportation

Five Hundred Men Stage Unauthorized Strike on Eve of Reopening of Number 8 Mine—Tie-Up Termed "Protest Gesture"

CUMBERLAND, B.C., Feb. 20 (CP)—More than 500 striking Vancouver Island coal miners today decided to continue their unauthorized walkout until settlement is reached in a dispute with the operators over who shall pay transportation costs of men working a property seven miles from here.

During the day the walkout which started in Number 5 Mine here and Number 8 Mine in Bevan, seven miles north, spread to adjoining Union Bay, coal shipping point for the two mines.

The miners affected by the strike are members of the United Mine Workers of America, an affiliate of the Congress of Industrial Organization, which recently signed a new working agreement with the operators, Canadian Collieries (Dunsmuir), Limited.

UMWA officials said the walkout was not authorized by the union.

The 450 men employed in Number 5 Mine dropped their tools this morning in sympathy with 100-odd more who were to begin work in Number 8, reopening after a shutdown since last December.

British Sailors Aid in Rescue Work

British sailors, members of the crews of H.M.S. Exeter and H.M.S. Ajax, pull down dangerous walls after being landed in South Chile to help in the work of pulling down precarious buildings and rescuing dying and injured. The British ships rushed to the scene of the disaster and transported 500 refugees 250 miles from Talchuano to Valparaiso.

Britain Reveals Plans to Spend Gigantic Amount

Speeding Up Rearmament Programme—Italy Is Steadily Increasing Forces in Libya—German And Italian Press Attack President Roosevelt For Hint of Portentous Developments

(By the Canadian Press)

GREAT Britain revealed yesterday that £1,250,000,000 ($5,875,000,000) of her gigantic £1,500,000,000 rearmament programme would be spent in the first three years of the five-year plan, and sought to induce Italy to ease her press campaign against France.

Indications, however, were that Italy was steadily increasing her forces in her African colony of Libya adjacent to French Tunisia, which fortified many European diplomats in their belief that a "March crisis" was shaping up.

Diplomats, however, were careful as a rule to point out that a crisis might lead to a diplomatic settlement and not necessarily to war.

WOULD EASE BURDEN

Sir John Simon, Chancellor of the Exchequer, asked the British House of Commons for authority to borrow $1,000,000,000 for armaments and indicated the increased borrowing would ease the immediate burden on income taxpayers.

British industry, he said, was going into "full blast of production" to speed the stock of planes, guns and other war equipment.

The British representations against Italian press attacks on France were delivered by the British Ambassador.

DEATH IN RIVER FOR B.C. DIVER

Emile L. Rene Succumbs Under Water While Examining Sunken Scow

Provincial Police were investigating yesterday the death under unusual circumstances of a British Columbia diver who, submerged while below water inspecting a scow sunken in the Fraser River nine miles below Lytton. Examining physicians were unable to certify the immediate cause of death and an inquest may follow. The fatality took place on Saturday when Emile L. Rene was hauled to the surface dead.

The diver, who had gone down on behalf of the Fraser Alluvial Mining & Dredging Company, was examining a scow that had sunk some time previously. Failure to respond to signals from the surface drew attention to the man who was found to have succumbed in his diving harness.

CAUSE UNCERTAIN

Dr. Ellis, of Lytton, conducted a post mortem examination of the body but could not arrive at the precise cause of death. Headquarters of the Provincial Police yesterday were considering the reports, which may be referred to a coroner for further inquiry, it was intimated.

The diver had been called when the mining company was inquiring into the possibility of raising the sunken scow.

STORMY SCENE IN LEGISLATURE

Members Seeks to Settle Dispute With Minister Outside Assembly Hall

REGINA, Feb. 20 (CP)—A heated argument featured debate in the Saskatchewan Legislature today as it proceeded second reading of a bill to establish an industrial development board.

The verbal quarrel was between Attorney-General T. C. Davis and J. L. Phelps (CCF, Cadillac).

At one stage when Mr. Davis was speaking, the Opposition member jumped to his feet, rammed a pile of papers on his desk and started settling to fight with Mr. Davis in the corridor.

During the scuffle Mr. Davis was asked if he would be willing after Mr. Phelps had shed that he would be cut off and put over the Speaker's chair. The threat to put Mr. Davis and Mr. Phelps were quelled. Mr. Davis was hurriedly escorted off the floor.

Mr. Davis refused to say why he was taking exception to the remarks of Mr. Phelps. It is believed the Opposition member had referred to the Attorney-General's connection with the Liberal Party.

An Opposition member said he would like the government's policy on industry to date in Saskatchewan to remain unchanged when the war is declared.

Regulation of City Eating Places Plan Of Drastic By-Law

Council Introduces Measure to Protect Public and Preserve Cleanliness—Is Work of Alderman John A. Worthington

A DRASTIC by-law for the regulation of restaurants was introduced at a meeting of the City Council last night. Under the by-law, all eating establishments will be required to apply for a certificate from the medical health officer, who with the sanitary inspector and his assistants, or others to be appointed by the council, will be named inspectors under the by-law.

Alderman John A. Worthington, chairman of the health committee, worked on the by-law for two years, in collaboration with local restaurant proprietors. He explained the measure was similar to one in force at Vancouver, but not as drastic as Toronto regulations.

Plumbing, lighting, ventilation, interior finish, employees' quarters, protection of food, garbage disposal and rules for cleaning are dealt with in the by-law.

No live poultry, fowl or animals, except one healthy cat properly cared for, will be permitted on restaurant premises. Employees will not be allowed to smoke while preparing food or handling dishes.

MUST STERILIZE

All dishes, glassware, eating and cooking utensils will have to be properly sterilized. The by-law will prevent employees from using serviettes and tablecloths for more than once on each table. Proprietors will be required to instantly report any case of a communicable disease among employees. A conviction for an infraction of the by-law will carry a maximum penalty of $100 and costs.

A by-law to appoint Dr. Richard Felton, medical health officer, an inspector under the Dominion Food and Drugs Act was also introduced.

A letter from the Department of Transport asking if the council had any objection to Burns & Company, Calgary, applying for foreshore rights to a piece of property below Store Street was referred to the public utilities committee. A request from the Victoria and Island Publicity Bureau for a grant of $25,000 was referred to the estimates committee. The council went on record as being in favor of city stores remaining open during the day of the Royal procession, provided that they closed during the time of Their Majesties' public visits.

FIRST AIR MAIL

The business and trade development committee was asked to make arrangements with the Junior Chamber of Commerce for a fitting celebration to mark the arrival of the first Trans-Canada air mail at Esquimalt on March 1 at 12:30 o'clock.

On behalf of the American Motorcycle Association, Mayor Andrew McGavin presented the Victoria Motorcycle Club with a safety banner for riding 223,068 miles last year without an accident. He paid tribute to the fine record of the thirty-eight club members, and hoped they would again win the award this year.

Letters of protest against the removal of alternate boulevard trees were received from Harold E. Landman, F. G. Harper and Mrs. J. G. McKelvey. A communication from the Local Council of Women suggested that an advisory committee be appointed to assist the parks committee to preserve the beauty of the city. It was decided to ask the parks committee to report on a plan to remove alternate trees on Bank Street.

CELEBRATION MATTERS

The celebration committee was asked to deal with a request from the Women's Union of the Diocese of Columbia that members be given an opportunity to pay their respects to Her Majesty Queen Elizabeth. Charles L. Clarke's request that local bathing beaches and bathing facilities be improved before the Summer was turned over to the health, parks and public works committee. The celebration committee was also asked to report on a city advertisement which might be placed in a souvenir programme for distribution during the Royal visit in May.

School board estimates and extraordinary expenditures were referred to the city comptroller and solicitor for analysis and report to the estimates committee. The committee was also asked to report on a request from the fire chief that $200 be added to the estimates to take care of wiring, a time clock and switches for a proposed traffic light at Fort Street and Pandora Avenue.

A suggestion of William Paul and a number of other petitioners that the present arbitrary trades licence fee be reduced to $10 for merchants whose business reached $1,000 or less per year was referred to the finance committee.

PLAN NEW ROOF

Tenders for reroofing the Duck Block were referred to the lands committee with power to act. Tenders for removing several old buildings at the foot of Washington Avenue were turned over to the health committee.

On motion of the public works committee, it was decided to repaint the City Hall at a cost of $1,110, and to alter the city comptroller's and solicitor's offices at a cost of $475. The purchasing agent's office will be moved to the main floor as a result of the alterations.

Mayor Andrew McGavin announced the Royal visit committee would meet in the council chamber at 8 o'clock tomorrow night.

Gravel sidewalks on Lotus Avenue, Connaught Street and Dominion Road were authorized at a cost of $374 for material. Kingham-Gillespie Coal Company, Ltd., secured a contract to supply the city with coal; the Producers Sand & Gravel Company (1929), Ltd., a contract for sand, and Evans, Coleman & Johnson Bros., Ltd., a contract to supply concrete.

AWARD CONTRACTS

Contracts to supply bread were awarded to Norrington's Bakery; milk, R. Rendle, and fish, B. W. Brown & Sons. The Colonist received a contract to supply typewriting paper and letterheads, and Diggon-Hibben, Ltd., envelopes and miscellaneous stationery.

Lands committee gales ratified by the council were lots on Moss Street, $250; Selkirk Avenue, $200; Wilson Street, $300; Boyd Street, $150, and on McClure Street, $250.

On motion of the lands committee, it was decided to grant the Gillespie Grain Company a rebate of $350 on this year's rent, the sum to go towards the purchase of a second-hand grain cleaning machine to become city property.

COMOX MINERS STAGE WALKOUT

Continued from Page 1

dian Collieries (Dunsmuir), Limited, today described the walkout of more than five hundred Vancouver Island coal miners as "merely a protest gesture, not a strike."

The miners, members of the United Mine Workers of America, employed by the company, refused to work until the company agrees to run a work train for Cumberland miners working at Bevan, about seven miles north.

"We've been breaking our necks to find new markets," Plommer said. "The men have been working full time at Number 5 Mine (in Cumberland). If they want to walk out on their jobs there's little we can do about it.

OUT OF THE QUESTION

"To provide the transportation the men want would require three trains a day," he said. "That would be out of the question, as we can only operate the mine at a loss anyway."

Plommer said the company only decided to operate Number 8 Mine at Bevan as a measure to relieve unemployment among miners. It was to have reopened today, but miners employed there refused to start work unless work trains were provided. Miners at Cumberland and Union Bay, B.C., also quit work in sympathy.

NOT INTERVENING

Hon. G. S. Pearson, Minister of Labor, stated here that no request for arbitration had been received by the Province, nor was one expected. "The United Mine Workers of America was the one organization that expressly asked to be exempt from the terms of the Industrial Conciliation and Arbitration Act because of an agreement existing with the Canadian Collieries, and it was exempted," Mr. Pearson explained.

Officials of the Department of Labor, however, were keeping in general touch with developments, though intervention was not being considered.

HOTELMAN FINDS BIG INCREASE IN BUSINESS

James A. Griffith, owner and operator of the Beverly Hotels reports a large increase in business since the first of the year. Several times of late the hotel has been filled to capacity and guests have been turned away. There has been a notable increase in visitors from Up-Island and many others have come from more distant points in Canada, the United States and the British Isles.

Mr. Griffith is of the opinion that if hotelmen, restaurant operators, businessmen and residents of Victoria generally, realized the enormous volume of travel which is possible a ferry might be operated daily between Vancouver and Brentwood, with a return fare of $5 for automobiles and $2 for passengers. He urges a concerted effort toward placing such a ferry in operation. He is of the opinion that if such a service were established, all the hotels in the city would be filled continuously and the city as a whole would do a flourishing business.

IS SENT TO JAIL FOR PETTY THEFT

Maurice Derry Receives Fifteen Days for Stealing Milk Bottle And $2.80

Convicted on a charge of stealing an empty milk bottle and $2.80 in cash on Friday from the home of Mrs. Hilda McFarlane, at 1155 Chapman Street, Maurice Derry was sentenced by Magistrate Henry C. Hall in the city police court yesterday to serve fifteen days in jail at hard labor.

Derry was not represented by counsel. He made no statement, except to repeat that he was not guilty.

Constable Louis Callan described the arrest of the accused after information had been received from Mrs. McFarlane. A $2 bill and three 25 cent coins were found in his pockets at the police station, the constable stated.

Mrs. McFarlane swore that Derry called at her dwelling, but she did not answer his knocks on the front and rear doors. She said she looked out and saw him proceeding along Chapman Street. At the same time she missed the milk bottle and money.

FOLLOWS ACCUSED

Fred A. Rudd, a dairyman who supplied Mrs. McFarlane with milk, described how he attempted to telephone police from a grocery store, but found the line busy. He followed the accused through various parts of Fairfield district. The accused came up to his truck and stated "I'll bat you on the nose," Mr. Rudd stated.

Mr. Rudd told the court he found an empty milk bottle in some bushes about 300 feet from Mrs. McFarlane's home. William J. H. Bishop, his assistant, corroborated the testimony. He declared that he saw the accused near the McFarlane dwelling before he called there with milk.

Mrs. C. W. O'Neill, Duncan Resident, Taken by Death

DUNCAN, Feb. 20—The death occurred late on Saturday evening of a well-known Duncan resident in the person of Mrs. Flora J. O'Neill, aged fifty-six years, wife of C. W. O'Neill. She was born in Chicago, and had lived here for the past twenty-five years.

Mrs. O'Neill, during her residence here, had been an active worker in St. Andrew's Church, and was secretary of Sunset Chapter, Order of the Eastern Star. She was the first secretary of the Women's Canadian Club of Cowichan, resigning that position after a year because of declining health.

She leaves, besides her husband, two sisters here, Mrs. S. Coyne and Miss M. Seator.

The funeral will take place Tuesday afternoon at 2 o'clock in Sands Mortuary Chapel, Victoria. Rev. E. Barnes will officiate and the remains will be laid at rest in the family plot in Ross Bay Cemetery.

ONE COW TOO MANY

SOMERSET, Ky., Feb. 20 (AP)—Fifteen cows and three hogs escaped from A. E. James' truck when a rear gate became unfastened. City policemen rounded them up, reloaded the truck and James drove to his home at nearby Danville. But the officers had been too zealous. James returned the next day with a cow he said did not belong to him.

URGES PARLIAMENT TO SET UP INSURANCE

Continued from Page 1

present Government to clear the way for a national plan, Mr. Neill urged immediate action on plans optional with the Provinces.

Paul Martin (Liberal, Essex East), approved the resolution and urged complementary legislation which would raise the employment age and lower the old age pension age limit to widen the employment market.

SUPPORTS RESOLUTION

John R. MacNicol (Conservative, Toronto-Davenport), supported the resolution. He was sorry the Unemployment Insurance Act, passed under the Bennett Government in 1935, was not placed in operation. Had Rt. Hon. R. B. Bennett been returned to office the Insurance Act would have been placed in operation. It might have been challenged in the courts, but at least the people of Canada, particularly the working people, would have seen it in operation.

Angus MacInnis (C.C.F., Vancouver East), supported the resolution and commended the mover. "I think we are all agreed to the need of unemployment insurance," he said.

The fact that no country which tried unemployment insurance had abandoned it showed the plan met a social need and could well be adopted in Canada, he said.

CONSERVATIVE LEADER

Hon. R. J. Manion, Conservative leader, said he had two good reasons for supporting the resolution. One was that the Government of which he was a member put through a social security and unemployment insurance act in 1935 (later found unconstitutional), and the other was the resolution adopted at the National Conservative convention in Ottawa last July, to encourage and support a contributory plan of unemployment and retirement insurance.

Had the insurance measure of 1935 been permitted to go into operation instead of being submitted to the courts, it would probably be still on the statutes, Dr. Manion believed. Once the system had been put into operation he doubted if anyone would have challenged its constitutionality.

"We are less advanced in these things than almost any other modern country," Dr. Manion said, "particularly Great Britain, which is more advanced than any other. If we were as ready to follow England in social legislation as we are in some other matters, we would be better off than we are.

MUST SOLVE PROBLEMS

"I say now, as I have said before, this democratic system will not last if we do not bring into effect measures which will solve the problems of those who are unemployed."

The Government took the ground it could do nothing without a change in the British North America Act, but Dr. Manion did not think that necessary. It could be provided by co-operation with the provinces, as had been suggested by Premier Duplessis of Quebec.

Hon. Norman Rogers, Minister of Labor, congratulated Mr. Neill on his presentation, which had provoked the most harmonious debate of the session and so far had received nothing but support. It was not too much to hope that the reception accorded the resolution by members from all provinces would have an effect in those provinces still opposed to granting the Federal Parliament power to enact unemployment insurance legislation.

A British scientist sees a return to rigid world economy in 1950. Apparently he never heard of those weeks after Christmas.

Nova Scotia Schooner Is Smashed in Atlantic Storm —Crew Taken Off

HALIFAX, Feb. 20 (CP). — A tale of shipwreck and rescue in a raging Atlantic gale was related by members of the crew of the Nova Scotia schooner St. Chir Theriault when they arrived here during the week-end from England.

The schooner, owned by John Parker, North Sydney, and commanded by Captain E. O. Fudge, was set afire as a menace to navigation after the crew was taken off by a New Zealand ship off the Irish Coast in gales late last month.

Captain Fudge said after his arrival on the liner Montclare, Saturday night, the crew lost most of their belongings. Sailors walked off the Montclare carrying duffel bags and an assortment of suitcases.

"We left Ballina, Ireland, on January 5, en route to Halifax," stated an unidentified crew member, "and seven days later we met with terrific squalls and gales. We were boarded by heavy seas. Our lifeboat was the first to go and then the dory. Smashing seas broke the bulwarks on one side and finally the rudder became unshipped. We drifted for three days like that.

"The weather was foul. Several ships passed us and could not render aid. Finally the New Zealand Shipping Company freighter Hertford sighted us. She stood by for twenty-four hours before she took us off. They smashed a lifeboat in the first attempt. Finally they got us off. The schooner was set afire and down she went."

VANCOUVER SHIPPING

VANCOUVER, Feb. 20 (CP).—The Hamburg-American Line's motorship Vancouver, severely damaged in Oakland Estuary last November 3 by a bomb which tore a hole in her plates and caused her to sink in shallow water at the side of the estuary, was in Vancouver today to load for Europe.

Captain W. Moessinger, master of the ship, said it took ninety-four days to repair the damage. Several men injured by the blast have recovered. The captain stated he was on the bridge at the time of the blast and immediately turned the vessel into the side of the estuary.

A parcel of wheat loaded on the Vancouver when she was here last October is still in the ship's holds. Captain Moessinger reports it is in as good condition now as when it was loaded.

Reports received here today said that Richard Haliburton, who left Hongkong several weeks ago to sail to the San Francisco Golden Gate Exposition, in a Chinese junk, had been forced to return to Shanghai. The reports said he turned back when off Formosa. Further details were not given, but it was believed here that lack of an experienced crew forced him to give up the long journey.

The motorship Pajala, of the Grangesberg-Oxelesund Line, arrived here today to load lumber and grain for United Kingdom. She will sail again Saturday.

The Federal Department of Fisheries' patrol boat Givenchy was back in Vancouver today after a regular trip up the British Columbia Coast, during which she took part in an unsuccessful search for Hans and Lars Frederickson, lost in a small boat off the northern end of Vancouver Island.

The Givenchy will leave on another patrol trip tomorrow and at the end of the month will be taken out of service and replaced by a new vessel.

The motorship Velox, which sailed from India to Bremen last Summer with one engine and a jury rig after losing one of her twin propellers, was berthed here today.

After losing the propeller, Captain M. Jenson, veteran of sailing ship days, made square sails by sewing together hatch-top tarpaulins, then rigged booms and stays and converted the vessel into a sailing ship.

With the makeshift sails and one engine, the Velox sailed to Aden, through the Suez Canal and the Mediterranean and around Spain to the Bay of Biscay. From there she completed the journey with the lone engine.

The British freighter Swiftpool arrived here today from the United Kingdom, minus one propeller blade which she lost after passing through the Panama Canal. Repairs will be made here. The vessel is under charter to Anglo-Canadian Shipping Company.

The British freighter Knoxville City arrived yesterday to B. W. Greer & Sons to load for United Kingdom.

Today's arrivals included the British freighter Mabriton, to load here for United Kingdom, and the Norwegian freighter Indra, at New Westminster, to load for South America.

CO-OPERATIVE PLAN STARTED

Vancouver May Have Fishermen's Wharf and Market This Year

VANCOUVER, Feb. 20 (CP).—Vancouver housewives may be purchasing fish direct from a co-operative fishermen's wharf and market at the end of False Creek before the end of this year.

The city council, in harbor and utilities committee today, instructed Corporation Counsel D. E. McTaggart to draft an agreement for a nominal lease on the property, which belongs to the city, to Pacific Coast Fishermen's Union.

The scheme, which has received the council's tentative approval, would provide for dredging of the creek "basin" by the Federal Government at a cost of about $6,000 and erection by fishermen of slipways costing roughly $5,500.

Mayor Lyle Telford said today that the market, when operating, will be the first step toward realization of his co-operative community programme for assisting Vancouver unemployed.

J. Gorrie, vice-president of the union, told the council today that his organization represents 1,500 fish boats and $1,500,000 in equipment. He said approximately 400 boats could be accommodated at the proposed wharf's shipways at one time.

British Columbia Party Will Visit Golden Gate Fair

Henry Bell-Irving was in Victoria yesterday interviewing local transportation men in connection with the chartering of the Canadian National Ss. Prince Robert for a cruise to the Golden Gate early in May.

Mr. Bell-Irving, head of the Bell-Irving Travel Bureau, which has taken the Ss. Prince Robert for ten days, stated he is particularly interested in getting British Columbians to go along, making the visit a noteworthy one, as the Prince Robert will be the only British ship making a special trip to the big exhibition.

The Prince Robert will leave Victoria on May 6 for San Francisco, and the ship's arrival there will be the occasion for special attention to the tour party on the part of exhibition officials, Mr. Bell-Irving said.

Ship Arrives at Quarantine With Smallpox Aboard

Coming in from sea Sunday night, the British freighter Rugeley was flying the yellow flag when she reached William Head, having one man down with smallpox. She was immediately quarantined, and will probably be detained for some time.

Arthur Millington, Salford, England, is the member of the ship's crew suffering from the disease. He is reported to be seriously ill.

Members of the Rugeley's crew were all vaccinated yesterday, while the ship was fumigated. The vessel was inbound from Shanghai for British Columbia ports.

"O Canada," "Men of Harlech," "The Old Woman," "The Cossack Song," "Peaceful Lake," "Sleeping," "Galloping Dick," "The Frog," "Comrades' Song of Hope," "Captain Mac," "Feasting, I Watch," Now the Night" and "Bless This House."

A quartette, composed of Messrs. Frampton, O'Neil, Harris and Bentham, sang two numbers, "Jolly Robin" and "Simple Simon." There were baritone solos by L. Harmsworth, bass solos by S. Jones, tenor solos by J. Oakman, and pianoforte solos by Eric Edwards. Miss Joan Routley was the accompanist.

INAUGURATING NEW SCHEDULE

Through "Clipper" Service From Victoria to Port Alberni Starts Saturday

A new through bus service between Victoria and Port Alberni by "Island Clippers" will be inaugurated on Saturday next, it was announced by the Vancouver Island Coach Lines.

From Saturday on, passengers will travel from Victoria through Nanaimo to the West Coast port on the new de luxe motor coaches recently purchased for this service by the local company.

All schedules on the Victoria-Nanaimo-Port Alberni route will be covered by the new buses, Harold Husband, general manager, stated, the morning coach from Victoria and Port Alberni being scheduled to continue through Nanaimo to their respective destinations in the Capital City and the fast-growing Island port.

The increasing importance of the West Coast of Vancouver Island, indicated by the profitable development of rich gold mining deposits in the Zeballos area, together with the continued expansion of the lumbering and fishing industries, is being reflected to the advantage of Port Alberni, which is rapidly assuming the status of an outstanding Pacific port, Mr. Husband said, and added that his company is now providing a convenient boat-side service for passengers to and from West Coast points.

The "Island Clippers" feature every advance made in the development of highway transportation, he said, and the extension of this type of equipment to the Port Alberni route marks a further step forward in the progressive modernization programme which is being consistently carried out by the Vancouver Island Coach Lines.

The Crow of Croup Worries the Mother

When the child wakes up in the night with a croupy cough, spasmodic croup, it strikes terror to the mother's heart.

The child can scarcely speak, can hardly breathe, and seems to be choking.

There is no time for delay; apply hot poultices to the throat and upper part of the chest, and give Dr. Wood's Norway Pine Syrup. We know of nothing better to give prompt relief. It is absolutely safe, does not contain any habit forming drugs, and will help to soothe the infected membranes, stop the irritation and subdue the inflammation.

CONSTITUTIONAL SAFEGUARDS

Dr. Henry Clay, a noted British economist, has been giving a series of addresses at McGill University, and he has sounded a number of notes of warning about the present-day trend of government in Democratic countries. He advocates, in a powerful way, the necessity for the retention of the traditional checks on governmental initiative, because, he says, "government is a specialized business, and the elementary functions of any government, order and defence, dictate its organization." He does not believe that government has any heaven-sent mission to produce the desired results in many of those fields of activity in which it is now engaged. He considers it is impossible to allow ministerial, departmental, bureaucratic or devolutionary discretion to prevail, "without sacrificing most of what is understood by democratic control of government." The danger that exists in these processes is of "throwing out the baby with the bath water."

Dr. Clay says that the subtle danger he foresees is evidence of a tendency towards social uniformity. By this, material security might be possible, but it would be acquired through spiritual servility. His plea is for the preservation of those constitutional safeguards which say what a government may and may not do, for, in that way, there will remain the sense of responsibility to the people. The more a government attempts to do the less inadequate is the supervision of what is done, and the less the sense of responsibility. Dr. Clay puts this aspect picturesquely when he says: "If we press more into sieve than it can manage, the holes will be clogged, and much will spill over the edge." That is his way of saying that there are limits to what government should undertake, and he says "the regulation of production, price and wage fixation, and germane matters, lie outside this limit." He thinks there is a weak tendency evident when governments seek to act as fairy godmothers to the people governed. That has been the tendency in Canada. Dr. Clay's warning, even if it only awakens the people to a threatened danger of autocratic rule, will have its value. What is essential for good governance in any democratic country is the preservation of constitutional safeguards as interpreted by the courts.

BRITISH FOREIGN POLICY

Sir Samuel Hoare in a recent speech said that Great Britain's economic system "had stood the strains and stresses of the crises of recent years better than any other system in the world." He says, too, that now armament preparations have progressed "to a formidable point." Sir Samuel was answering the panic-mongers, those who criticize Mr. Neville Chamberlain's appeasement policy despite the fact that the course pursued by the Prime Minister is consistent with British foreign policy for many years past. Captain Euan Wallace, the Financial Secretary of the Treasury, says the basis of that foreign policy has not altered. "Peace remains our paramount interest as it must always be for a nation which exists on a world-wide trade." Captain Wallace says this does not mean peace at any price. The country has not now, and had not in 1914, grown weary with age and feeble in power. There were countries that thought so in 1914, and, Sir Samuel Hoare says, they had a rude awakening.

"There exists," says The Times, London, "no potentially hostile Power that is capable of conquering this people . . . Relaxation is dear to the heart of every Englishman, and he is apt to relax to the point of appearing soft or at least incurably idle, if he does not think there is any special need for effort. He seems, moreover, to be careless of causes, indifferent to principles. Nothing could be farther from the truth. When the threat to his freedom comes, to his safety, to his interests, good nature makes way in a flash to energy, determination and concentrated effort. England did not wish to quarrel with the Kaiser. She does not want to quarrel with Germany now. But there are some things she will not stand. The unprovoked invasion of Belgium was one. An attack on the Empire, or the Empire's allies and neighbors, would always be another."

JARGON

If there are forms of language which a scholar and writer like Lord Tweedsmuir does not understand it is small wonder that they have little appeal to the masses. His Excellency has been speaking to the students of McGill University. One of the things he said was that, "a scholar's insolation in one particular branch of the social sciences leads to development of a technical language that is the most abominable jargon." He was alluding to the methods of writing and speaking by many so-called experts in economics, sociology, or political theory, and their use of terms and phrases that are not understood by the layman.

Whatever may be the merits of almost any modern 'ism, its appeal has been sadly handicapped by the language in which it is couched. The Ottawa Journal, commenting on Lord Tweedsmuir's criticism, says: "It is all but impossible these days to read a book or article on international affairs or on economics or science without a dictionary at one's side to help in discovery of what the writer is driving at. Among the worst offenders are the young writers who venture into world politics. They have developed a jargon of their own, and instead of writing in simple English stud their pages with words as 'ideology,' 'autarchy,' 'concept' and so on and so forth."

It is quite obvious that most of modern-day writers on isms, and perhaps this is especially applicable to theories affecting Technocracy, Social Credit and similar doctrines, are in no desperate need of being understood. They may understand themselves, perhaps they do, but they are in no hurry to be understood by others, and yet, if they have panaceas for the world's ills the only way they can secure their being essayed is through the medium of popular opinion. That opinion must have some idea of what it is asked to endorse, but it finds it impossible to secure the grain of wheat from the bushel of economic jargon.

Speaking of what he terms "abominable jargon," Lord Tweedsmuir said: "You find it in the law, which, in the hands of certain judges and jurists, is merely a game of permutations and combinations played with a limited number of dogmatic counters." It is obvious that in a world of so perplexed opinions as now prevail there should be efforts to express anything worth expressing with the purpose of being understood. Government blue books contain much interesting information yet they are hardly read at all because of the technical and stilted jargon. If writers and speakers cannot express themselves clearly in simple language it is hardly to be wondered at that there is a bemused public opinion.

"The thing," says The Ottawa Journal, "as Lord Tweedsmuir emphasises is of the highest importance. Canadians, notoriously, are all too deficient in the art of writing and speaking, are in this respect definitely inferior to writers and speakers in England. The inferiority, for the most part, is in a lack of simplicity. It is an inferiority that should concern us. We boast of our right to discuss and debate, talk proudly of freedom of speech, but, in a democracy, what profits it to have freedom of speech if the speech be of a character which the multitude cannot understand?"

COAL VERSUS OIL

It is proposed by Admiral Sir Reginald Hall and others that in the national interest any subsidies to British shipping should only be granted in the case of vessels burning coal. This question of oil versus coal as a fuel touches an issue which relates to the decline there has been in the British supremacy in the mercantile marine as a carrier of products to world markets. British tramp tonnage has been a sufferer because of the wider introduction of oil as a fuel. That section of the mercantile marine industry was built up on the bases of outward cargoes of coal from the United Kingdom and return cargoes of grain and other commodities. It was, says the shipping correspondent of The Times, London, "reliance on coal as a fuel that helped materially to give British shipping predominance in the sea transport of the world."

There is a new move in Great Britain to develop ways and means whereby she will hold her own in world trade, but that does not mean that the policy advocated by Sir Reginald Hall will be adopted. The limitation of a subsidy to vessels using only one kind of fuel would be in the nature of discrimination and might reduce the value of the financial assistance. Trade through the medium of all kinds of vessels, whatever fuel they burn, must be maintained, because Great Britain is so dependent on outside supplies. It would be an excellent thing for the coal industry, which needs a new impetus, if more British ships burned the fuel, but it is doubtful if any means can be adopted towards compulsion in this respect without inflicting complementary injuries.

Mr. W. A. Souter, the president of the Chamber of Shipping, says that vessels voyaging from the United Kingdom would be at an advantage to have their fuel supplies at their home ports; but, he added, "Deep-sea vessels bringing imports to this country can obtain sufficient quantities of oil aboard to bring them home and take them back again to their loading ports without refuelling in this country. In following this practice they will help to conserve the supplies of coal for home use when these will be especially needed."

Chance corrects us of many faults that reason would not know how to correct.—Rochefoucauld.

Note and Comment

By Sandham Graves

You will remember, perhaps, the steeple bird that carried the match that fired the nest that melted the icicle that doused the fire that flamed from the nest the bird built? Well, a Lindsay, Ontario, the Canadian Press has discovered an even more remarkable chain of coincidences. Roy Campbell and Duncan McIntosh were cutting cordwood in the forest, when—but let the Canadian Press tell it:

"This, Campbell says, is how it happened: We were cutting wood near Uphill, and felled a huge maple. We began sawing it into lengths, when a squeaking sound caused us to pause. We looked into a hole in the tree and found five raccoons, very angry at being awakened. We tied up the 'coons and continued sawing. In a few minutes we ran into a cache of honey in the tree, and a hive of bees in hibernation. We put the honey in pails, and finished sawing the tree. On the way home a weasel crossed our path so we shot it. One of the pails was leaking, and left a trail of honey. A bear picked up the trail, and we shot him when he reached us. I'm going back to work in the same district today and I hope the pay is as good."

The box score, continued the item, included two and a half cords of wood, five raccoons (cross), sixty pounds of honey, one swarm of bees (wild), one weasel, and one bear (say 300 lbs. dressed). Down at Lindsay, of course, they will preserve the legend of the boys who cut the maple that housed the bees that made the honey that drew the bear that grew the steaks and made the rug that lies on the floor in the house that Roy built.

There is going to be another revolution in Ireland! A manufacturer on this continent is offering "a charm of a Blarney Stone, now for the first time direct from the grounds of Blarney Castle, Ireland, for only twenty-five cents with a green lable from a can of —" etc. Note that it is "a" Blarney Stone, and not "the" Blarney Stone. That makes it regular. Ireland refused to sell the Blarney Stone; the old rock that has hung the world by his heels for many a year. The stone, however, is being advertised as "guaranteed genuine stone from the original Blarney Castle grounds, Ireland." That, too, is correct; but then you can get a genuine guaranteed stone from almost anywhere. Here, then, is an effort to sell the charm without the stone; or the stone without a charm; because the Blarney Stone is still at Blarney Castle, Ireland, and what came to North America was an ordinary piece of rock, guaranteed and genuine enough, from elsewhere in the castle grounds. You might just as well pick up a stone in Saanich a genuine guaranteed stone (that is) and call it the Blarney Stone. But it won't work. Look what happened to the distinguished politician who refused to hang by the heels to kiss the old stone at Blarney Castle! He crawled out on his back and picked at it from underneath. It wasn't a kiss—not a head-down, hat-flying, blood-in-the-head, hair-tumbled and hang-by-the-heels kind of a kiss. It wasn't a Blarney kiss at all. Well, see what is happening to his party. The party can't convince even its own members any more. Now, if there is one virtue that the Irish have claimed for the Blarney Stone it is that it confers a mellow flowing tongue; one that will convince. Just wait until the Irish hear about it. We will all be lucky if they don't reach for a rock — a guaranteed, genuine piece of rock . . . and fling it at us. That we will!

Canada this month is commemorating the landing of the Canadian Expeditionary Force at St. Nazaire, France, in February 1915. To everyone who mustered at Valcartier, crossed the Atlantic in Canada's friendly armada to Devonport, wintered in the mud at Salisbury Plains, and landed on the freezing windswept quay at St. Nazaire with the First Canadian Division, the discussion in Parliament and out of it as to when Canada is at war and not at war makes curious reading. It was in France that Canada won the right to be considered a nation. It was desperate winning; but that is now history. Of more moment, perhaps, than all the discussions in Parliament, is the fact that from the Atlantic to the Pacific, and from her Southern border right to the Arctic circle, Canada has men and women who remember the landing at St. Nazaire. This month they will gather to revive the memory. Here, on Vancouver Island, the Red Chevron Association has kept green the memory of the days that required real men and real women to measure up to them. If those days should come again, there will be found real men and real women who will play their part in whatever is required of them. For life, with its sacrifices, renews itself endlessly. Meanwhile, as a nation, we honor those who did not merely talk for Canada in Parliament—but who fought for Canada in the face of flying lead. Veterans could tell you there is a difference.

COMMEMORATE C.E.F.

To commemorate the landing in France in February, 1915, of the First Canadian Contingent, the Red Chevron Association of Vancouver Island will hold a reunion and smoker next Saturday at the Britannia Branch, Canadian Legion, View Street. The principal speaker will be C. P. O. Smedley, R.C.N., who will talk on "Deep-Sea Diving." The naval members of the association will be in charge of the programme.

WAR MEMORIES ARE EXCHANGED

Members of Public Service Branch, Canadian Legion, Hold Reunion Dinner

Over eighty members of the Public Service Branch, No. 127, Canadian Legion, exchanged reminiscences of service in the Great War at their third annual dinner, held Saturday night in Spencer's dining-room.

The gathering was presided over by Colonel W. S. Latta, D.S.O., president of the branch, and those at the head table were Lieut.-General Sir Percy Lake, K.C.B., K.C.M.G., grand president of the Canadian Legion; Lieut.-Colonel Vincent McKenna, M.C., representing Hon. E. W. Hamber, Lieutenant-Governor; Colonel H. C. Greer; Captain Vincent G. Brodeur, R.C.N.; Captain C. R. Bull, M.C., M.P.P.; Colonel W. N. Winsby, D.S.O.; Major J. C. MacDonald, M.C.; F. D. Mullholland, past president of the branch; C. R. Farrow, vice-president; P. deN. Walker, deputy provincial secretary, and Herbert Anscomb, M.P.P.

LOYAL SONS

The toast to the Province of British Columbia was proposed by the president, who spoke of the loyalty of the sons of the Province and of those settlers from the Old Country who had made British Columbia their home. Colonel McKenna responded to the toast on behalf of the Lieutenant-Governor, from whom he read a message of good wishes, and regret at his inability to attend the gathering.

The value of the legion as an agent for bringing together the organizations of returned soldiers was referred to by Major MacDonald, in proposing the toast to the Legion.

SIR PERCY LAKE

Figures indicating the rapid growth of the legion were quoted by Sir Percy Lake in responding to the toast. Latest statistics, the speaker stated, showed that the present strength of the legion was approximately 180,000 men, members of about 1,600 branches throughout Canada. Sir Percy gave a brief resume of the efforts made by the legion to secure pensions for ex-service men who, while not actually qualified therefor, were yet suffering from the effects of war service.

The toast to the Civil Service was proposed by Captain Bull, and replied to by Mr. Walker, and that to the guests was proposed by R. C. Farrow and replied to by Colonel Greer and Captain Brodeur.

With fitting ceremony, the first past president's badge awarded by the branch was presented to Mr. Mulholland, first president and immediate past president.

During the evening, songs were contributed by Fred Wright, cornet solos by J. Mossop, and instrumental selections by William Anderson and William Holmes, and an amusing ventriloquial sketch was presented by G. Ford and A. Jacklin. Mr. Ford led the community singing. Cecil Heaton was the accompanist.

"West's double was optimistic but let that go. This is a question of defensive play. West led the heart king. Declarer won and led a low trump. West permitted the jack to win and at this point a club finesse would have been attractive except for West's double and the equally significant fact that West had freely given declarer an entry to dummy with the spade jack. Hence a heart was led and ruffed. Then the ace and low trump were played. West won and returned the heart queen. Declarer let this win, throwing off a diamond. Another heart lead was ruffed by declarer and all the trumps were run off. Declarer now held the A-7 of diamonds and the A-Q of clubs. West had the K-J of diamonds and the K-6 of clubs. Declarer cashed the diamond ace (West playing the jack), then threw West on lead with the diamond king. The forced club return gave declarer his double contract.

"As a spectator I claimed that a master player in West's position would have jettisoned the diamond king on declarer's ace and in that way would have avoided being thrown on lead. I was severely criticized for this opinion on the theory that such a play would have been 'second-sighted.' What do you think?

W. S. P., Beloit, Wis."

Well, all I can say is just this: If the play recommended by my correspondent was "second-sighted" or beyond the capabilities of a mere expert (let alone master), then, I have been sadly overrating myself and hundreds of other players. By the time the diamond play came up it should have been perfectly obvious to West that he was facing a throw-in play. Declarer had discarded a diamond on the third round of hearts, hence it was almost inconceivable that, in addition to the seven spades and one heart he had shown, he could have held something like the ace-queen and two other diamonds (because in that case he would have discarded a worthless club). The overwhelming presumption was that declarer had no better than the ace of diamonds, but consequently that he had excellent clubs. Hence, West should not have hesitated more than three seconds before getting rid of the diamond king on the realization that that was one card he would be better off without.

I feel absolutely sure that every expert worthy of the name would make this play which has been so euphemistically dubbed "second-sighted."

Providing for Visitors

The problem that faces those in Victoria who are charged with finding accommodation for the visitors who will be here for the visit of the King and Queen is not one that is confined to Victoria alone. In Edmonton the committee in charge has appealed to the railway companies which operate in and out of that centre to aid in the task by providing sleeping car accommodation which would help to solve the difficulty. The sleeping car accommodation, however, of the railway companies is likely at that time to be taxed also.—O.H.N.

The Pen and the Sword

"An adventure in international good will" certainly seems the most appropriate method in which to describe the annual visit to Victoria of the Olympic Peninsula Resort and Hotel Association, which was observed last week-end. With the tourist industry of this province so closely interlocked with that of the Pacific Northwest States, it is undoubtedly a good idea to have the various resort and hotel men meet each other personally. And speaking of amicable relations created between Canada and the United States reminds us of a few choice words uttered by one of the visitors at a dinner tendered the Americans here. Comparing the boundaries of our Dominion and the United States with those in Europe, he said, "There are uniformed men on our border, it is true—but they carry in their hands nothing more dangerous than pencils."—W.I.F.

Thoughtful Action

Members of St. John Ambulance Brigade No. 65 found themselves without quarters to carry on their good work. Learning of their plight, the Army and Navy Veterans in Canada, Victoria Unit No. 12, gave the brigade the free use of the entire top floor of the commodious clubrooms at Wharf and Broughton Streets. The veterans deserve credit for their thoughtful action. . . . We also think great credit is due to Constable Louis Callan for his part in organizing hobbies for the youth of the city and the clean-cut boxing bouts held for the boys in the same veterans' headquarters. . . . We heard that a Dominion fair weights and measures officer is conducting a rigid examination of gasoline pumps in the city in an endeavor to check the obnoxious practice of short measure. Rumor has it that he has already found a large number of pumps giving less than the quantity of gasoline purchased. . . . With all the ballyhoo about United States fairs, one is apt to forget what is going on in England. The British Industries Fair at London and Birmingham from February 20 to March 3 is rated as the largest commercial fair ever held in the British Empire. The English accomplish much, but without the usual ballyhoo we in North America are fed upon.—G.B.

Glancing Over Sport

Do you know that Chuck Nickinson, Vancouver light-heavyweight, has been released from his five-year contract held by Ted Moore, promoter and manager? Sid Beech, well-known billiard player will look after Chuck from now on. The contract had three years to run. . . . Victoria should be laying plans these days to have one team in the Canadian football championship series this year. That United squad should be entered under the name of one of the local clubs. This, I understand, would make them eligible for championship competition. There's absolutely no sense in all the Victoria senior teams entering, for they will not get past the Mainland. This city has never had a Dominion winner and never will if they follow the same procedure year after year. . . . I still pick Westerns, present rulers of the Canadian Basketball domain, to win out in the Vancouver play-offs. The champions finished in second spot in the league, but when the chips are lowered Barisley, Willoughby and Company will be marching to the pay-off wicket with "straight" tickets. . . . What has happened to the Juvenile Football League in this city of late? We never hear any more of them.—J.D.

The time used is Pacific Standard for the 120th Meridian west. It is counted from 0 to 24 hours, from midnight to midnight. The figures for height serve or distinguish high water from low water. Where blanks occur in the table, the tide rises or falls continuously during two successive [illegible] periods without turning.

The height is in feet and tenths of a foot measured from the average level of low water.

To find the depth of low water on the sill of the Esquimalt Drydock, add 18.0 feet to the height of high water as above given.

FUNNY, AIN'T IT?

"It's funny, ain't it, Pop," said little Dan, "that everybody in our family's some kind of an animal: Mother's a dear, baby's a cute little lamb. I'm a kid, and you're the goat."

FIFTY YEARS AGO TODAY

(From The Daily Colonist of February 21, 1889)

A $1,500 Gold Bar—The Ophir Bedrock Flume Co. yesterday afternoon placed a bar of gold in C. E. Redfern's jewelry store window, which was melted down from nuggets, taken from the company's mine on McCulloch Creek during last Fall. The bar weighs $1,500, and the precious metal is of a fine color. The hydraulic claim of the Ophir Co. is now well opened up, bedrock being visible for eighty feet from side to side of the creek. There is every prospect that when the company make a clean-up next Fall, that a bushel or two of the golden nuggets will be secured. The gold taken from McCulloch Creek is coarse, weighing from $26 downwards.

Consider New Railway—A deputation consisting of Hon. Amor De Cosmos, Mayor Grant and Messrs. Alex Wilson and C. E. Redfern waited upon the Government yesterday for the purpose of securing promise of aid to the proposed Victoria, Saanich and Westminster Railway. After hearing what the deputation had to say, they were informed that the subject would receive the earnest consideration of the Government.

Real Estate—The sale is reported of twenty-five acres of the Pemberton estate to H. M. Dumbleton for $600 per acre. It is stated that Mr. Dumbleton will erect a costly residence upon the property. Within the past two days a number of residence lots have changed hands in James Bay.

MOST OF DOMINION SUFFERS BUFFETING

Continued from Page 1

blizzard tied up traffic badly and resulted in some Monday newspaper editions being canceled because of delivery difficulties. Quebec's Premier Duplessis found taxicabs unavailable at a railway station and cheerfully accepted offer of a lift to his hotel in a baggage truck. Tramcars were halted most of the day in Quebec and hundreds of citizens were unable to reach their places of business.

In many parts of the province marooned motorists spent Sunday night in automobiles stalled on rural roads.

"Dry sleet"—noted, too, throughout Quebec and other parts of the Dominion—left Eastern Ontario's highways in particularly bad condition. Ordinary snowploughs were helpless against hard-packed drifts and road gangs had to resort to high-powered equipment.

Strangest aspect of the week-end blizzard was a brief electric storm reported over Montreal and the Eastern Townships area. The storm broke just before dawn yesterday, sleet accompanying the unseasonable thunder and lightning.

won the approval today of some of the most outspoken Senate critics of President Roosevelt's handling of warplane sales to the French.

The approval was qualified, however, by assertions that the United States should disclose none of its military secrets, make all sales on a cash basis and conduct negotiations with the prospective purchasers "in the open."

The Soviet Government, it was reported, is to send a naval mission here to negotiate for construction of two battleships in this country. State Department officials understand that a Netherlands military mission is already in this country to arrange purchases of airplanes and other war materials.

Is Old-Time "Hoofer" In Current Film

THE perfect old-time "hoofer," right down to his checked vest and barber-pole trousers, is the famed comedian, Bert Lahr, who plays "Cascart," Claudette Colbert's vaudeville partner and manager in "Zaza," the new drama which will open today at the Dominion Theatre.

NO CAPITAL TO DEVELOP CHINA

Banker States Japan Must Borrow From Great Britain And United States

Granting that Japan is successful in conquering China and that she secures the co-operation of the Chinese, which is very doubtful, the Nipponese will not be able to develop the country because of lack of capital, Sir Victor Sassoon, head of the Hongkong and Shanghai Banking Corporation, expressed these views aboard the Canadian Pacific liner Ss. Empress of Japan, which was here Saturday outbound for Orient ports via Hawaii.

Sir Victor, although he had been absent from China for the past ten months holidaying in Europe, takes an optimistic long range view of the Chinese situation. He is convinced that Japan, finding herself unable to secure the needed capital to develop China, will have to turn to Great Britain and the United States for the money, these being the only nations having funds available now.

Both England and the United States stand ready to put large sums of money into China, even with part of the country under Japanese domination, but (and here is the price Japan will have to pay) she must guarantee the English-speaking powers full rights in China, he asserted.

Sir Victor expressed the belief that Japan will have as much if not more trouble with the Central and Southern part of China as she had with Manchukuo. Her policy in the vicinity of Shanghai is to destroy all Chinese industry so as to make the country dependent on Japan, but he believes that the Chinese, through passive resistance, will break down any Japanese martial conquests.

'ZAZA' COMING TO DOMINION TODAY

Claudette Colbert Plays Title Role In Lavish Production With Herbert Marshall

The gaudy, lusty days of the turn of the century, when all France rocked as "Zaza," the music hall darling, swished her skirts in her daring new dance, return in all their brilliance in the lavish new Claudette Colbert production, "Zaza," which will open today at the Dominion Theatre.

With Miss Colbert playing the celebrated dancer whose affairs set tongues wagging around the world, "Zaza" recreates the well-loved era of the gas-lit vaudeville stage, the naughty new dances, the hansom cabs and the frou-frou skirts.

Cast as Miss Colbert's leading man, Herbert Marshall plays the suave "Dufresne," the man of the upper classes whose infatuation spells tragedy for the queen of the music halls.

ATLAS THEATRE Gale Page has a new idea in charm bracelets. Hers is a coin collection—silver coins of about the quarter-dollar size from every country that makes a distinctive coin of this nature. Gale's latest Warner Bros.' picture, "Heart of the North," is currently showing at the Atlas Theatre.

CAPITOL THEATRE "Wings of the Navy," a Warner Bros.-Cosmopolitan production which is declared to be by far the best to date of the remarkable succession of smashingly successful "service" pictures, is now at the Capitol Theatre with a cast headed by George Brent, Olivia de Havilland, John Payne and Frank McHugh.

COLUMBIA THEATRE Ermine and silver-tipped fox were used to fashion the stunning evening wrap worn by Leila Hyams, Metro-Goldwyn-Mayer player, featured with Wallace Beery in "The Big House," prison drama now showing at the Columbia Theatre.

PLAZA THEATRE "The Young in Heart," now at the Plaza Theatre is one of David O. Selznick's finest pictures. Artistically eloquent, it has the advantages of a capital cast, sound story, excellent direction and topnotch production, but above all a touching human quality which gives it true greatness.

COULDN'T SLEEP COULDN'T WORK

What a relief to settle down to a real night's rest, and awake fully refreshed ready for the day's duties. I was tortured by fretful nights—tossing, turning — never comfortable. Half awake days—over-tired, driving body and mind to work when they needed rest. "Try Dodd's Kidney Pills," said a friend — "it may be your kidneys." I'm glad I followed his advice as now I'm sleeping like a top—thanks to it!!

"SON OF FRANKENSTEIN" IS COMING TO DOMINION

Most horrible inheritance in history, a man-made, destructive monster, is handed down to Basil Rathbone as title player in Universal's new dramatic shocker "Son of Frankenstein," which will open at the Dominion Theatre on Friday.

Boris Karloff re-creates his monster characterization of "Frankenstein" and the "Bride of Frankenstein," and Bela Lugosi is teamed with him as a broken-necked, maddened shepherd.

"THE LADY VANISHES" AT CAPITOL THURSDAY

Alfred Hitchcock's master production, "The Lady Vanishes," acclaimed by critics as one of the best pictures of 1938, will open Thursday at the Capitol Theatre.

Most of the action in this spine-tingling drama takes place on a train in the Balkans. Margaret Lockwood, playing the lead as Iris, is about to return to England to marry aristocratic Michael Redgraves, as Gilbert, who is trying to write a book on folk lore. Just before boarding the train she is struck on the head by a flower pot, and from then on the action is fast and humorous.

EVE MAXWELL-LYTE AT EMPRESS MONDAY

Eve Maxwell-Lyte will be heard in an entirely new programme of "Traditional Songs of Many Lands" at the Empress Hotel on Monday, February 27, at 8:30 p.m. It is remarkable what the artist can do with so little in the way of properties to create an entirely different atmosphere for each group on her programme. Dressed in a costume consisting of a blouse of some soft material and a skirt of heavy pliable satin, Miss Maxwell-Lyte is equally at home in any of her many characterizations.

F. S. Cunliffe Will Speak Here Tonight

A general meeting of the Victoria section of the British Columbia Historical Association will be held in the Provincial Library this evening at 8:15. The guest speaker will be F. S. Cunliffe, Nanaimo, who will speak on the "Early History of Nanaimo." Notices of the meeting have been sent to members, and an invitation is extended to early residents of Nanaimo now in the city.

EARLY PIONEER LAID TO REST

Many Attend Funeral Services for Late J. J. Bull, Royal Oak Farmer

Many of the pioneers of Victoria and Saanich were among the large gathering of mourners present at funeral services yesterday afternoon for John Josiah Bull, one of the best-known farmers of the Royal Oak district, whose death occurred last Friday, at the age of seventy-five years. The congregation of mourners filled Sands Mortuary Chapel, where the service was held, and scores of beautiful floral tributes testified to the high esteem in which Mr. Bull was held.

Conducted by Rev. Canon Pierce, the service at the chapel took the orthodox Anglican Church form, and the hymns sung were "Rock of Ages," and "Abide With Me." Mrs. S. M. Morton sang as a solo "Beautiful Isle of Somewhere."

Following the service, the remains were removed to St. Stephen's Cemetery, Saanichton, for interment. The pallbearers were G. H. Patton, Thomas Raper, Hugh Little, Charles King, H. C. Oldfield and J. Grimston.

WARD THREE LIBERALS

Ward Three Liberal Association will hold an "amateur night" at Liberal headquarters on Thursday, commencing at 8 o'clock. The programme will include community singing, recitations, piano solos and dancing, and prizes will be awarded for the best performances.

goers—were packed around the arena, isolated from the Garden itself by a shoulder-to-shoulder ring of 1,500 policemen. Police said 20,000 were inside the hall.

Entering the Garden beneath banners emblazoned with anti-Jewish slogans, the bund members assembled before a backdrop depicting George Washington—in whose honor the rally was called—standing between swastika emblems and star spangled banners.

SEARCH FOR BOMBS

Twice before the doors opened bomb squad detectives inspected every nook of the hall, searching for explosives, and orders were issued that any persons entering the Garden with a bundle must submit it to search.

A police guard had been posted at the Garden constantly since Saturday when a letter signed by "the Alparoists League" warned Mayor Laguardia against "serious consequences" and bomb explosion if the rally were held.

Tonight five captains, 120 sergeants, 1,200 patrolmen, five mounted sergeants, fifty mounted patrolmen, ten lieutenants, 100 detectives, including men from the criminal, alien, and bomb and forgery squads were mobilized.

American Legion posts and other organizations protested the meeting.

Although anti-Nazis threatened to throw 50,000 pickets around the Garden, strict police orders against picketing were issued and policemen were instructed to halt all persons entering the area with provocative signs. Uniformed storm troopers wearing black iron crosses strode the aisles.

GIVES LECTURE ON HISTORIANS

Dr. Sylvia L. Thrupp Is Speaker at University Extension Meeting

Dr. Sylvia L. Thrupp, of the department of history at the University of British Columbia, was the speaker at the meeting of the University Extension Association at the Central Junior High School last night. Dr. Thrupp spoke on "Points of View in Writing History."

The address was in the form of a criticism of the methods of writing history and the tendency of early and modern historians to use history for propaganda purposes or to serve some contemporary cause, political, economic, or religious. The discussion of the various historians was well planned by Dr. Thrupp, who showed a keen grasp of a somewhat hazardous subject and kept well within the bounds of generosity in her treatment of some of the writers of history.

Dr. Thrupp is a former student of the university, where she received an I.O.D.E. scholarship. She studied at London University and gained her degree of doctor of philosophy. Dr. Thrupp is a Fellow of the Royal Historical Society. She was introduced to the meeting by Robert Wallace, acting as chairman in the absence of the president of the society, Harry L. Smith.

MEETING WILL BE HELD WEDNESDAY

At a recent meeting held by the Elks' Club it was decided to devote energies to improvement of playing fields of greater Victoria and to supply more playgrounds and wading pools for the children. Tomorrow evening at 7:30 another meeting will be held in the association's headquarters on Douglas Street to discuss important matters concerning sport in this city. All the local service clubs and other organizations will be invited to have delegates present.

The gathering decided to supply a dressing room with conveniences for the Heywood Avenue football ground. The Greater Victoria Playing Fields Association, whose efforts secured the Macdonald Park for the youth of the city, recently met and pledged themselves to support the efforts of the Elks' Club playground committee 100 per cent. Other wants in Victoria are public tennis courts and outdoor roller skating rinks, the committee decided, and therefore will go ahead immediately and try to secure them for the youngsters this coming Summer.

Announcements

Beware of Advertisements which are mere catch-pennies! Alas! How many of you have wasted your money beguiled by wonderful stories all about far distant lands and gratitude and late husbands? Is it not better to consult some one she is able to see and talk to, living right here in one's own home town, rather than to venture to send money to some unknown person, from whom there is no redress—except through law—which is costly—and therefore never resorted to Miss Hanman, 503 Sayward Building. HEARTBURN KEPT HIM AWAKE

Afraid to Eat Square Meal

What a worry he must have been to his wife! No food agreed with him. Acid indigestion made him positively wretched. In this letter, his wife tells how he got welcome relief —

"My husband developed a wretched form of gastric acidity," she writes. "Meals were a misery to him. He often could not sleep for heartburn. Business kept him from home a great deal, but when he did get a spell at home, I gave him Kruschen Salts. I was amazed at the results. That weary look left his face, and his indigestion gradually disappeared. It is a treat to hear him say, 'I'm hungry. It seems too good to be true'."—(Mrs.) K.M.E.

The numerous salts in Kruschen help to promote a natural flow of the digestive and other vital juices of the body. Soon after you start on Kruschen, you will find that you are able to enjoy your food without distressing after-effects. And as you preserve with the "little daily dose," you will see that Kruschen brings glorious relief. (Advt.)

Great News for People With INDIGESTION

Do you know what happens inside your stomach when it refuses to deal properly with food? Those unbearable pains you get are caused by excess acid. There is more acid in your stomach than is needed for proper digestion. And what is this acid doing? It is irritating and inflaming your stomach walls. It is fermenting food and so causing gas to press upon nerve centres and so cause heartburn and those other pains you are all too familiar with. Stomach specialists know this—and they always prescribe four powerful alkalies as treatment. You can get exactly this same treatment by taking *Maclean Brand Stomach Powder*. These same alkalies, in perfect balance in Maclean Brand Stomach Powder, usually relieve stomach pains at once. They put a soothing coating over the inflamed stomach lining. Then digestion comes back to normal. You lose your fear that food means pain. Get Maclean Brand Stomach Powder from your druggist, in bottles in cartons 75c. Never sold loose. And look for the signature "Alex C. Maclean," which must appear on every bottle and carton. Maclean Brand Stomach Powder is not genuine without this signature. 126

That Body of Yours by JAMES W. BARTON, M.D.

FITS — EPILEPSY, HYSTERIA, FAINTING, APOPLEXY

When you are told that someone is in a fit you naturally expect it to an epileptic fit. When you see the individual and he is lying quietly, no movement of limbs, eyes, and face, no bitten tongue, you recognize at once that although the face is pale and he is unconscious, it is not epilepsy but a fit of fainting.

You are reasonably sure that it is not hysteria because there is no struggling, no kicking, no waving of the arms and, what is most important, the individual with hysteria is conscious. He is fully aware of all that is going on about him. In fact, the hysteric so "arranges" his "attack" that it will take place in public or where those are present whom he wishes to be present. There is no bitten tongue, no banging of the head against the radiator or furniture because, unlike the epileptic, the hysteric never hurts himself while in a fit.

When there is an attack of apoplexy there is usually a history of long-standing disease of the blood vessels. The attack is sudden, there is loss of consciousness, and paralysis, usually on one side of the body. In slight attacks only the speech, face or hand is affected. The pulse is slow, breathing hard, and the face is flushed, not pale. Some forms of acute poisoning resemble apoplexy and paralysis may be present.

In an ordinary fainting attack the face is pale and wet with perspiration, pulse weak, the breathing is slow and feeble and recovery soon takes place.

In his little book "Illness," Dr. S. Henning Belfrage, London, England, outlines the treatment for fainting, epilepsy, apoplexy and hysteria.

In fainting, patient should be placed perfectly flat with head low and any tight band around neck removed. Fresh air or fanning is usually all that is needed to restore consciousness.

In an epileptic attack, the main thought is to prevent him from hurting himself; something should be placed between the teeth to prevent biting the tongue.

In apoplexy, treatment is to leave alone; no attempt should be made to move him until arrival of physician.

In an hysterical attack the patient should not only be left alone but no notice of the attack should be taken. Taking no notice usually prevents further attacks.

Musicale and Tea Accorded Good Support

Widespread sympathy with the cause of the persecuted Jewish peoples of Europe was testified to in the attendance of nearly 300 patrons at the Jewish Refugee Children Benefit Fund musicale and tea given at the Oakbay Beach Hotel yesterday afternoon under the sponsorship of local Jewish women.

The chairman, Mrs. David Berman, introduced the guest speaker, Captain Elmore Philpott, who briefly reviewed the history of the Zionist movement. The Jews today, he said, were being persecuted in larger numbers than ever before. While the whole civilized world was moved by the plight of these people, but few of the Christian countries were willing to open their doors to them in large numbers. Palestine was still the best place for them to go, thought the speaker, if the Jews could get there.

MUSIC AND DANCING

Mrs. E. Bean was general convener of the occasion, and the tea arrangements were under her special charge. Mrs. David Berman convened the entertainment part of the programme.

The musical part of the entertainment comprised much enjoyed vocal solos by Mrs. Florence Gunn. An aria from "Manon", "Do Not Go My Love" (Hagemann), and "Garden of the King." Joy Berman, a clever young violinist, played "Orientale" (Cesar Cui) and "Grandmother's Minuet" (Grieg). Miss Eileen Dumbleton acted as accompanist for the singer, and Miss Helen Ockenden for the violinist. Miss Ockenden's piano solos were specially enjoyable, being Debussy's "Clair de Lune" and a Liszt composition.

After tea, pupils of Mrs. Dorothy Wilson's Russian Ballet School presented some charmingly costumed and danced numbers. Annette and Rosemary des Brisay, did "Deoutantes of Tomorrow"; Annette des Brisay gave the pretty "Dance of the Rosebud," and seven girls gave a lively Russian peasant dance, those taking the part of girls being Norah Cassidy, Toleta Williams, Agnes Richards, Patsy Jordan and Audrey Draper, and the two "boys" being Nan Wilson and Shirley Gunn. In the "Ballet of Summer," Norah Cassidy and Joyce Waters were butterflies, Toleta Williams and Agnes Richards were violets, and Shirley Gunn was the illusive rainbow.

Mrs. J. Bernstein was at the receipt of custom, and others on the general committee included, besides Mrs. Berman and Mrs. E. Bean, Mrs. Sidney Levy, Mrs. Max Leiser and Mrs. P. Fitzsimmons.

Gift Presented To Mrs. Brethour

Members of the Ladies' Aid of St. Paul's United Church, Sidney, at a gathering held in Wesley Hall, recently honored Mrs. Sam Brethour, a pioneer of the Saanich district.

An illuminated address was presented to Mrs. Brethour by Mrs. E. R. Hall, on behalf of the society. In the address, mention was made of the forty-six years of loyal service given by Mrs. Brethour to the church and the organizations.

Commenting on the pioneer days when Mrs. Brethour had been a member of the first Ladies' Aid, Mr. Alex McDonald recalled an entertainment, "Mrs. Jarley's Waxworks," put on by the ladies in 1894, at which a young school teacher, Art Currie, afterwards Sir Arthur Currie, had filled the role of Mrs. Jarley.

The beautifully illuminated address was the work of a local artist, Mr. Alan Thomson.

In addition to members of the Ladies' Aid and their families, a number of friends of Mrs. Brethour, young and old, attended the gathering, and an evening of games and social fellowship was enjoyed.

Mr. and Mrs. W. J. Gush, who will soon celebrate the twenty-fifth anniversary of their wedding, were presented with a purse of gold as a token of the esteem in which they are held. Mrs. W. McCulloch presided during the evening, and Mrs. Alex Menagh was in charge of the entertainment.

New "Barber's Pole" Style

The importance of the vogue for stripes this Spring is indicated in this evening gown designed by Mainbocher, in sheer Chantilly lace combining alternate bands of light navy blue and cerise red. Also fashion noteworthy is the flounce at the hem and the slight suggestion of a train at the back.—Copyright, 1939, by Fashion League.

BAND OF SALVATION ARMY GIVES CONCERT

The Salvation Army Band gave a very enjoyable concert in the Broad Street Hall recently, under the direction of Bandmaster Max Chalk, following a supper at which their wives were invited guests. Adjutant Charles Watt, commanding officer, led the opening exercises and Adjutant H. Martin, the Victoria social officer, presided.

Bandmaster E. Bent (Victoria West Band) was called to the platform to conduct the first number on the programme, the "Leeds March." A selection, "The Warrior's Reward," an air varie, "The Golden Pen," and the "Red Shield March" were also played by the band. Four of the younger members played an instrumental quartette, "Russian Melodies," and cornet solos, "'Twas a Very Happy Day" and "Consolation" were played by Captain Edgar Halsey and Bandsman W. Ratcliffe, respectively.

Mrs. Captain Halsey contributed a pianoforte solo, "My Homeward Journey," and she and Mrs. Max Chalk played a duet, "Under Two Flags." Mrs. Adjutant Martin sang an old-time army song, "It Was a Happy Day," set to a Scandinavian air. Bandmaster Chalk, in a short address, spoke of the work of the band during the past year and plans for enlarged activities during the coming months. A junior boys' band has been organized under the leadership of Bandmaster William Hastings that will be a "feeder" for the senior aggregation.

Three Nanaimo Juveniles Will Appear in Court

Three juveniles, all of Nanaimo, will be charged in Saanich Juvenile court this morning with breaking and entering a service station and a private dwelling in this city last Monday night.

The Marconi Service Station on Saanich Road and a house at 3535 Quadra Street were entered at that time and a quantity of goods stolen. The loot was recovered by Provincial Police officers who made the arrest at Horne Lake, near Qualicum Beach, last Thursday.

BRITAIN REVEALS PLANS TO SPEND

Continued from Page 1

in Rome, who called particular attention to the periodical, Relazione Internazionale, which has declared force might be used to take Corsica and to keep Britain and France from mixing in the Spanish situation.

It was officially announced in Britain that Italy had increased her Libyan troops from 30,000 to 60,000, and in Rome diplomats heard the Fascist forces there might be raised to a "war footing" of more than 100,000.

Fascists explained France had increased her Tunisian forces, which they estimated at 100,000.

Lists also appeared in Rome calling the 1918 list of conscripts to the colors, with indications some of the 1919 and 1920 classes, which ordinarily would not be summoned until 1940 and 1941 for regular training, might soon be called. Such a step might be taken to give the Italian army its regular quota of 300,000 recruits because of the smallness of the "war baby" class.

ATTACK ROOSEVELT

German and Italian press attacks against President Roosevelt for his Saturday hint that portentous developments might be afoot in Europe took a prominent place in the day's international news.

The German correspondence service Dienst aus Deutschland attributed to the President a "critical influence" on the policies of Western democracies and Deutsche Diplomatisch-Politische Jorrespondenz, the Foreign Office mouthpiece, accused the United States of a "conscious interest" in increasing tension in Europe.

In Italy, Il Telegrafo said the President headed an "imperialistic, puritan minority," which was "arming American minds" for a "democratic war."

AT A STANDSTILL

Meanwhile, French and British negotiations with Spanish Nationalists for peace, based on leniency for Spanish Government leaders and formal recognition of the General Franco regime, temporarily were at a standstill. General Franco was holding out for a military victory or an unconditional surrender.

His reported plan of naming his brother-in-law, Serrano Suner as Premier, with himself as a dictatorial chief of state, was looked upon in Paris with misgivings. Suner is known as an outspoken Fascist, and it was feared such a plan meant close, permanent relations with Germany and Italy.

What Today Means

"PISCES"

If February 21 is your birthday, the best hours for you on this date are from 10 a.m. until noon; from 2 to 4 p.m., and from 7 to 9 p.m. The danger periods are from 8 to 10 a.m.; from 5 to 7 p.m., and from 9 to 11 p.m.

Your opinion may carry a great deal of weight this day, so be careful how freely you express it. The kind of day that you will have is apt to depend largely upon your efforts. You can make it a tranquil, busy one, brightened by your radiating cheerfulness, or turbulent, due to your allowing yourself to be in a constant state of agitation. Individuality will be the dominating influence in public and private affairs. Radical changes in business policies are likely to occur, due to influential pressure being brought to bear in highly competitive commercial lines. Merchants and salesmen have need to be wide awake if they expect to hold their own. There is likely to be a great deal of good-natured rivalry in social circles, particularly where feminine favor is involved. Married and engaged couples, as well as those whose matrimonial hopes are soaring high, must avoid taking an arbitrary stand as there might be many pros and cons to any subject of discussion that come up.

If a woman and February 21 is your birthday, having, most likely, a sensitive disposition, you probably can be easily teased. Apparently you cling tenaciously to traditions, and probably have a dislike for any new style, custom or device. Pet superstitions may influence you far more than you realize; if this is the case try not to give in to them. Money matters may require a lot of patience if quarrels are to be warded off. Impatience may be responsible for poor judgment in commercial and social" issues. As a lawyer, doctor, publicity agent, decorator, purchasing agent, reporter, sales promoter, department manager, dietitian or musician you may encounter few difficulties to make good. You ought to posses sufficient wisdom to make a success of your married life.

The child born on February 21 should display a remarkable amount of versatality, and be noticeably quick in its movements. This youngster is apt to be robust and muscular, with a fondness for athletics. Few parents need worry about the future of children born on this date for fortune generally treats them royally.

If a man and February 21 is your natal day, if you develop persuasive and gracious manners, you can figure you have accomplished two-thirds of the work needed in attaining a position where you can start gathering the laurels of success. Through mining, botany, theological or educational work, acting, writing, painting, selling, or politics your efforts ought to reap a rich reward.

Utilities Group Confers on Tram Plebiscite Form

Mayor Andrew McGavin and Aldermen Edward Williams and W. Lloyd Morgan, the City Council public utilities committee, conferred yesterday afternoon with Forrest L. Shaw, city solicitor, on the form of a street car plebiscite to be submitted to property owners. Mayor McGavin indicated the committee would present the form to the franchise committee some time during the week.

Little Stories for Bedtime

What Reddy Fox Saw

By THORNTON W. BURGESS

There Were Mrs. Quack and Mr. Quack.

It was night. Sweet Mistress Moon was pouring her silvery light over the Green Meadows, the Green Forest and the Smiling Pool. And because it was the beautiful Springtime the sweet singers of the Smiling Pool were doing their very best to tell all the Great World how happy they were. Trotting across the Green Meadows came Reddy Fox. He heard the great chorus from the Smiling Pool. Of course. He couldn't help but hear it. At first he gave it no heed. But presently he stopped to listen. He just had to.

Peep, peep, peep, peep! Now no longer may we sleep
Sing, sing, sing, sing! Welcome lovely Mistress Spring.

Reddy smiled. "I believe," said he, "I'll run over there. I haven't been over for some time, and it won't do to let people think I have forgotten them." Reddy smiled again, a crafty smile. Then he once more began to trot across the Green Meadows, but this time he was headed straight for the Smiling Pool.

Now Reddy learned when he was very young that it always pays to be prepared even when you don't expect anything. This is one reason it is so hard to surprise him. So now as he drew near the Smiling Pool he took just as much care not to make a sound as if he were sure that a good dinner would reward him for his efforts, when all the time he didn't have the least idea that he would find anything there. The nearer he got to the Smiling Pool the more careful he became. He began to creep forward, stopping every few steps to cock his sharp ears and listen, and to test the air with his keen nose. He had almost reached the Smiling Pool when he heard just the faintest sound. It was so faint that you or I wouldn't have heard it at all. No, sir, we wouldn't have heard it if we had been there in Reddy's place. That is because our ears are not as sharp as Reddy's.

Instantly Reddy stopped and lay flat down, listening with all his might, a pleased look on his sharp face. Once or twice he licked his lips as he listened. "Ducks," he exclaimed under his breath. "As I live there are ducks somewhere down the Laughing Brook, and they are coming up toward the Smiling Pool. I guess this is my lucky night. I can't think of anything in the world that would taste better than a duck." He licked his lips again and then swiftly but noiselessly crept forward to the bank of the Smiling Pool and peeped over.

No one was to be seen but Jerry Muskrat swimming over to the Big Rock. From all parts of the Smiling Pool rose the chorus of the sweet singers, the hylas, which are, you know, a kind of little tree toad. Their voices seemed to come right out of the water, as indeed they did, but not one of the sweet singers was to be seen.

Peep, peep, peep, peep! Now no longer may we sleep

The great chorus was very loud now that Reddy was so near the singers. But he took no notice of them. In fact, he didn't hear them at all. At least he didn't know that he heard them. You see his sharp ears were set to catch another sound, the sound of voices a great deal more interesting and to Reddy a great deal sweeter, though you and I wouldn't have called them sweet at all.

"Quack, quack." The voices were very low and still some distance away. Reddy strained his ears. Every few minutes he would catch the sound, and it was coming nearer and nearer. Reddy made himself just as flat as he possibly could behind a little bunch of withered grass and with eyes shining with hunger and hope watched the place where the Laughing Brook runs out of the Smiling Pool. Every time he heard those voices a little thrill ran over him from the root of his tail to the tip of his nose.

He was so eager that it was hard to be patient, but Reddy knows that a hunter without patience seldom gets anything, and so he lay without moving, his eyes fixed on the Black Shadows that lay across the place where the Laughing Brook runs out of the Smiling Pool. It seemed to him that he had been there hours, though of course he hadn't, when he saw a little silvery line in the middle of the Black Shadows, and then another. Nearer and nearer came those silvery lines, and then at last out into the Smiling Pool and into the moonlight swam two big birds. One was sober brown, but the other was very handsome. They were Mrs. Quack and Mr. Quack Reddy wriggled all over with excitement.

LOVE COMES LAST

By Julie Anne Moore

CHAPTER XIV

It came almost immediately. When the music began again, Bartley Ford moved off with Nina, and Andy, offering his arms, said, "We'll dance to the other end of the room and take the elevator down to the mezzanine and you'd better have the right answers to a lot of questions."

They went to the mezzanine and she sat with her back to the ornate rail silently praying for strength to go through with the ordeal without Andy know the agony it was costing her.

He sat in a straight chair facing her, his long legs crossed, a distinct line between his brows — a warning signal she knew well. He was expecting a fight and Laura decided that the best way was to be blunt and get it over as quickly as possible.

She said, evenly, "Suppose I talk first, Andy. I don't want to hurt you, but there are things you must know. Not about Nina—about me. About you and me."

"I'm listening," Andy said, his jaw set stubbornly.

"I said I didn't want to hurt you," Laura said. "I don't. If I could make you understand this without hurting you, I'd do it." Her eyes wavered a moment, then fastened on his again. She said, "Andy, I like you better than any man I've ever known and there have been times when I thought I loved you—but I know now I—I never did and never will."

Andy stiffened. The blood rose to his face spread up to the very roots of his hair. He said nothing.

"Yesterday, you'll remember," Laura went on, "I told you I had been completely happy these last months. I meant that. Having you as a friend has meant more to me than you know. And then I let you man- uvre me into a situation in which I had to decide whether my happiness would be increased if we were more than friends. I like you terribly, Andy, and I said the thing that I knew would please you. Perhaps I believed it then. I don't know." She paused, rather suddenly. Her heart was pounding so—but she had to go on. "If I loved you, Andy, I'd never give you up to anyone; but I know now that what I feel for you isn't love and I know that what Nina is offering you is."

"Nina . . . !" It was an exclamation, an outcry of protest. He said in a voice that Laura hardly recognized, "I'm no fool, Laurie. I know what's going on in your mind and why. Nina pulls a typically feminine trick—just in time for you to walk in and discover that she's picked me for a victim in what you call love. And—" his voice was bitter—"Since Nina must never, never be denied anything in this world, you decide you never loved me, anyway."

She was shaking her head, a firm denial of the truth; but Andy was not through.

"I can't see what you hope to gain by it," he said. "Suppose you don't love me and suppose Nina does—I love you and I definitely do not love Nina, so what does it get you in the end?"

Laura was slow to answer. She had to be careful now, very. Choosing her words, she said, "Actually, Nina isn't involved. She wouldn't have been if I had told you all this last night, as I should have—and she isn't now. Don't you see, Andy, I've found out something about myself before it was too late. We couldn't have made a go of it because I don't love you. Nothing could alter that."

Andy leaned forward. "I suppose you realize I've put up with Nina's nonsense as long as I intend to?"

Laura shrugged. "I can't tell you what to do about Nina."

"I don't need to be told," he said, shortly. "Nina is a grown woman and the only decent thing I can do is to tell her the truth before this thing goes any further. The whole business is fantastic. Why, in heaven's name should I pretend to be in love with Nina when I'm not?"

Laura didn't say anything for a moment—then, "I hate to see anyone hurt, Andy—particularly Nina."

"And to keep Nina from being hurt, you'd ruin your life and mine as well."

Laura rose. She couldn't go on with this any longer. "I've tried to make you understand," she said, "but it's no use. Tell Nina anything you like—only I shouldn't be too brutal about it. She's moving in a cloud of glory now and to be jerked out of it too abruptly—" She was silent, biting her lips. Then, tonelessly, "Let's go back. They'll be wondering what's become of us."

Laura danced with Andy, in silence. The music died and began once more, and she was dancing with Bartley Ford and suddenly two loose ends of thought seemed to come together in her brain and she said, smiling, "This afternoon you spoke of the possibility of my doing something in radio in New York. Were you serious?"

"Of course I was serious." No hesitating, no hint of considered evasion. "It might take time to convert them to the idea of a woman announcer, he said, "but there are plenty of places to fit in while you're doing it. If you should decide to try it."

"If I were going at all, I should want to go now—as soon as possible."

His eyes searched hers. "Now it's my time to ask you if you are serious."

Laura thought. "If I were away—if Nina were left alone, Andy would feel a sense of responsibility toward her." She said.

"I am serious. In fact, if it could be arranged, I should like to run down this week for an interview."

"THE TUNE THE OLD COW DIED OF"

The cow is dead these hundreds of years; but the melody ever modern, lingers on.

It conveys empty sympathy, hollow consolation, unsatisfying commiseration.

The tune the old cow died of winds up in a crescendo of advice, not relief, words not works.

The expression comes to us from an early ballad probably Irish in origin entitled "Jack Whaley had a cow."

It is about a poor, carefree farmer who owned nothing but a cow and a fiddle.

One day Winter came and the ground was covered with snow.

Hungry, the cow "mooed" and "looed" in the stable.

The improvident master, having no fodder, took up his fiddle sat down by the cow's stall and over and over again played to the refrain of the couplet:

"Consider, good cow, consider. This is no time for grass to grow."

And after a while the cow died!

"Joe got so excited at the football game he hugged a young lady sitting next to him, a perfect stranger."

"Did she object?"

"No, but the newspapers printed the story, and the next week there were 5,000 girls at the game."

TOE BLAKE NOW LEADING IN N.H.L. SCORING RACE

Canadiens, Detroit And Leafs Capture Week-End Fixtures

Montreal Hockey Squad Scores Second Straight Win Over New York Americans—Wings Chalk Up Triumph Over Boston—Toronto Beats Chicago Black Hawks in Overtime

By JACK CALDER
Canadian Press Staff Writer

Just when the Canadian fans were wondering how far United States clubs would carry their domination of the National Hockey League, the Dominion's two entries have bounded up with performances indicating they may sound a considerably louder note in play-offs than during the schedule.

This has been the season of Boston Bruins, New York Rangers and New York Americans—until now when play-offs are around the corner. Now Toronto Maple Leafs are hard on the heels of the third-place Americans, while Montreal Canadiens appear ready to end their long stay in last place.

The Leafs came up this past week-end with a couple of fighting displays, a 2-1 victory over the Rangers at Toronto on Saturday and a 4-3 overtime success against the Black Hawks at Chicago on Sunday. The Canadiens, their ranks riddled by injuries, scored twice over the Americans, by 7-2 at Montreal on Saturday and by 5-4 at New York on Sunday.

The Canadian teams helped one another. The Leafs rose to within two points of the Americans, while Montreal advanced to within two of the sixth-place Black Hawks.

LEAFS IN VICTORY

Toronto, remembering past inability to keep pace with the Rangers in passing and skating, elected to meet the blueshirts with methodical defensive work. The careful checking opened up breaks for the Leafs and they scored twice in the second period, through Bingo Kampman and Harvey Jackson. Clint Smith scored for the Rangers when they applied mass pressure in the third.

At Chicago the Leafs had to come from behind a three-goal deficit to win out finally on Gus Marker's overtime goal.

Johnny Gottselig, Cully Dahlstrom and Joe Cooper built up the early Hawk margin. Immediately after Cooper's goal, the Leaf power was turned on. George Parsons and Pep Kelly reduced the lead to 3-2. Jackson made himself one of the week-end heroes with the tying goal when only twenty seconds of regular time remained. He helped Doc Romnes get the puck to Marker for the winning one, too.

Without the services of George Mantha, Jimmy Ward, Stew Evans and Babe Siebert, Canadiens played inspired hockey to run up their big decision over Americans. Toe Blake and Rod Lorrain led the way with two goals each and the Habitants ran in five straight scores after the visitors had taken a first-period lead on Lorne Carr's effort.

Lorrain picked off another pair on Sunday, when the Frenchmen had to meet a determined, late drive, and Des Smith got his first goal since Canadiens brought him up from the New Haven farm team. Trailing by three goals going into the third, Americans scored through Eddie Wiseman and Nels Stewart, but couldn't quite catch the aroused visitors.

RED WINGS WIN

The week-end was lined with surprises. Detroit Red Wings, in their best showing of the Winter, scored their first victory over the league-leading Bruins, a 4-1 success, at Detroit. The Wings climbed over Chicago into fifth place on two goals by Herbie Lewis and one each by Marty Barry and Hec Kilrea. Gord Pettinger scored for Boston.

HENRY PICARD WINS $10,000 GOLF TOURNEY

Captures Top Money in New Orleans Open With Score of 284

NEW ORLEANS, Feb. 20 (AP).—Tall and handsome Henry Picard, crowned King of the Mardi Gras Golf Carnival, turned to other fairways today, $2,000 richer by four rounds of par-cracking shots.

Some 14,000 persons ranged the gale-swept fairways of the City Park course yesterday and saw the slender Hershey, Pa., professional take the top prize with a seventy-two-hole score of 284, four under par.

With gales whipping scores into the high 70's yesterday, Dick Metz, Chicago, posted a fourth-round 73, one over par, and took second money of $1,400, which advanced him to the second slot in earnings for the Winter tour with $3,775.

Jimmy Thomson, the slugging blond from Shawnee-on-Delaware, Pa., clipped off a 73 to finish in a tie for third money with Harold "Jug" McSpaden, Winchester, Mass.

As the touring brigade headed toward Thomasville, Ga., E. J. "Dutch" Harrison remained in front as cash-getter with $3,811. The Dutchman got only $210 for finishing in a twelfth-place tie here.

Byron Nelson, Reading, Pa., wound up in a tie with Chandler Harper, young Portsmouth, Va., professional, for fifth place.

FIFTEEN ARE IN BIG RACE

Strong List of Horses Eligible for Running of $50,000 Event

LOS ANGELES, Feb. 20 (AP).—The fifth running of the $50,000 Santa Anita Derby on Washington's birthday promises to draw at least fifteen three-year-olds who may be regarded as genuine threats to land in the money, while several others may go to the post just for the ride.

Racing officials looked over the list of eligibles today and figured on this minimum field of fifteen. They added a few more possibilities whose affluent owners won't mind planking down the $100 entry fee and the $400 starting fee merely for the privilege of having their racing colors represented in the mile and one furlong event.

Outstanding eligibles, and virtually certain starters, include W. E. Boeing's Porter's Mite, 1938 Belmont Futurity winner; Norman Church's Sweet Nancy, and the King Ranch's Ciencia, two fillies; Alfred G. Vanderbilt's Impound, and Mrs. Bessie Franzheim's Xalapa Clown.

Mix Up During Saturday's Soccer Game

The Colonist cameraman was right on the spot when this pile-up took place in the Victoria United goalmouth during last Saturday's Inter-City League match against the Vancouver Radials. It was one of the most exciting moments of the game which ended in a 2-2 deadlock. The Radials' two forwards are seen trying to get the ball away from Wally Rowe, local goaltender, while George Leggett, United fullback, is seen lying on the ground helping the goalie out. Bobby Bell, with his back to the camera, is also going to the rescue, while Roy Barnes is partly seen behind Bell. Jack Okell, Victoria halfback, is at the extreme left of the picture.

South Africa Has 249 Runs for Loss Of Three Wickets

Springboks Reply to England's First Innings' Total By Batting Well as Test Match Continues—Crowd of 6,000 Attends—Alan Melville Scores 67 and Mitchell 64

JOHANNESBURG, Feb. 20 (CP).—Batting steadily on a pitch softened by a torrential rainstorm yesterday, South Africa forged ahead of England in the second day's play of the fourth cricket match. When play closed the Springboks had scored 249 runs for three wickets in response to the tourists' first innings total of 215.

The game, started Saturday, was not resumed until after lunch, when 6,000 spectators saw the English bowlers toil patiently with little reward for their efforts.

England won the third test at Durban, last month, by an innings and 13 runs, after the earlier tests at Johannesburg and Capetown were drawn. In the event of a South African victory in the current match, the final test, starting at Durban on March 3, will be played to a finish.

A vigorous display by Alan Melville, Springbok skipper featured today's play. The former Sussex star batted ninety-nine minutes for 67 runs, 40 of them being scored off boundary strokes. Bruce Mitchell, noted for defensive play, threw off his customary restraint to score 64, his strokes including seven fours.

Further assistance came from E. A. Rowan, unbeaten at the end of the day with 53. His partner at the end was Dudley Nourse, hard-hitting Natal star with 20 not out. Pieter van Der Byl, Western Province captain, opened the innings with Melville and scored 31.

The first wicket ten at 108. Melville being caught by Hedley Verity off one of L. L. Wilkinson's spinning deliveries. Van der Byl left before any addition had been made to the total and then Mitchell and Rowan carried the score to 224 before the former was taken at the wicket off Kenneth Farnes.

Munro Furriers Defeat Varsity In Cage Tussle

VANCOUVER, Feb. 20 (CP).—Munro Furriers trimmed University of British Columbia, 46-42, here tonight in a sudden-death game to decide the third play-off berth in the Inter-City Basketball League.

Paced by a trio of sniping forwards who counted thirty-nine of their team's total points, Munros led throughout.

Bill McLachlan topped the night's scorers with fourteen points and two teammates, Arnie Bumsted and Earl McDonagh, followed with thirteen and twelve each. Don Livingstone led Varsity snipers with twelve points.

The victory moved the Munro squad into the league play-offs against Westerns, last season's Canadian champions, with the winner to meet Trookes for the league title.

MONTREAL SNIPER IS SETTING PACE WITH THIRTY-FIVE POINTS

Canadiens' Winger Is Two Points in Front of Gottselig, Schriner, Apps and Anderson—Barry and Carr Tied for Third Place—"Red" Horner Still Heads the Penalty List

MONTREAL, Feb. 20 (CP).—Anyone who thinks the plight of Montreal Canadiens couldn't be much worse might try figuring out how they would stand if they didn't have a fellow named Blake plugging along the left wing.

Canadiens are in the National Hockey League cellar—have been all season—but that's no fault of Hector "Toe" Blake. The husky wingman has pulled himself to the top of the N.H.L.'s individual scorers.

The league's weekly statistics tonight show him with a two-point edge on the field. Toe, who gets his points by plain hard work rather than brilliancy, has a total of thirty-five, two better than the four marksmen bunched in second place. He is tied with Alex Shibicky, of New York Rangers, in actual goals, at seventeen.

Behind Blake in the scoring totals are Johnny Gottselig, of Chicago Black Hawks, leader most of the season, with fourteen goals and nineteen assists; Syl Apps, of Toronto Maple Leafs, with thirteen and twenty; Sweeney Schriner and Tommy Anderson, of New York Americans, each with ten and twenty-three.

Anderson and Schriner, according to the league's statistics, are tied for the leadership in assists with Paul Haynes, who centres the Canadien line Blake operates on.

Toronto's "Red" Horner is the top badman with sixty-seven minutes off the ice.

SECOND HALF MATCHES SET

Dates for Barnard Cup Play Announced by Victoria Rugby Union

Pushed for time in order to declare the city winners of the Barnard Cup, who will play the Vancouver league winners for the Rounsefel Cup on March 25, executive members of the Victoria Rugby Union yesterday decided to stage a knockout series for the second-half championship. Only two open dates, February 25 and March 11, are left for local play before the British Columbia club championship final on the Mainland.

Two earlier March dates, March 4 and 18, are taken up with the Vancouver-Victoria McKechnie Cup battle, and the Possibles vs. Probables' match, prior to the selection of the team to visit San Francisco in April.

Three fifteens, Bays, Wanderers and United Services are ready to play in the second half. Oarsmen and Oak Bay played Saturday, with the former coming through with an 8-5 triumph to gain first-half honors. United Services, a combination of Navy, Garrison and Canadian Scottish players, have yet to see action. However, close followers of the game feel that the fifteen will be worthy contenders for the laurels. Draw for the second-half play was made at yesterday's meeting of the Victoria Rugby Union held in the Colonist board room and resulted as follows:

February 25—J.B.A.A. vs. Oak Bay Wanderers.

March 11 — United Services vs. winners of above match.

INTERMEDIATE GAMES

Intermediate League matches for Saturday are as follows:

Oak Bay Wanderers vs. Canadian Scottish, lower field, Macdonald Park, referee, Swetnam.

Navy vs. Victoria College, Admirals Road, referee, McConnan.

Kick-offs are set for 3 o'clock.

The union saw fit to grant the request of the Navy Club for permission to play Alec Ross and Bruce Robinson as members of the intermediate fifteen. Former senior players, Ross and Robinson will greatly strengthen the sailor squad.

An invitation from the Victoria Cricket Club to name a committee to join the cricketers in an interview with the parks board, with a view to having certain work carried out at Macdonald Park, was accepted.

MAKES FINE CATCH

Tipping the scales at twenty-six pounds, a fine salmon bearing tribute to the piscatorial ability of F. E. W. "Doc" Smith, veteran local angler, was yesterday on display in front of Wilson & Lenfesty's, Government Street. Many pedestrians stopped to glance at the lovely specimen, landed Sunday from the waters of Saanich Inlet.

BIRLEY GOLF WINNER

S. P. Birley captured top honors in the monthly par competition at the Victoria Golf Club on Sunday by finishing one up with the aid of his fourteen handicap. R. Peachey and H. F. Hepburn were next, being one down, and G. K. Verley was third. Other low scorers were H. E. Haynes, Dr. F. L. McNiven, J. D. D. Campbell, A. S. G. Musgrave and Alan Taylor.

Provincial Rifle Meeting Will Be Held on Mainland

H. "LOTTIE" Collings, genial secretary of the British Columbia Rifle Association, announced yesterday on his return from the Mainland, that the annual prize meeting of the B.C.R.A. will again be held at Blair Range, North Vancouver, this year. The decision was reached at a meeting of the council held in the Terminal City. The shoot will open on Tuesday, July 18, and conclude on Saturday, July 22. Members of the programme committee will meet at Vancouver early next month to go over the list of events and outline the competitions for the coming year.

VICTORIA HIGH BEATS OAK BAY

Playing in defence of the Howard Russell Cup, symbolic of inter-school Rugby supremacy, Oak Bay High School yesterday went down to a 6-3 defeat at the hands of the Victoria High School fifteen. The match was played at the Fernwood Road grounds.

A penalty kick gave the winners their margin of victory after each team scored a try. The match was keenly fought all of the way, with forward dribbles dominating.

Friday at Cranmore Road, the second game of the series, the best of three, will be played. The kick-off is set for 3.45 o'clock and another hard-fought match is anticipated.

Jane Dixon Says:

THE GIRL WHO WRITES TODAY'S LETTER WOULD DECREASE HER TROUBLES IF SHE PLACED HERSELF AND HER BOY FRIEND ON A FRIENDSHIP BASIS

There is an excellent rule that should be followed by young people who are interested in one another, who are in love or who believe they are in love.

It is a very old rule, but it is as good today as the day it was written, and it will remain so through all time to come!

"Do unto others as you would be done by."

Dear Miss Dixon:

I have been going with a young man quite some time—a year in March. We get along pretty well together. We both love to dance, and I am taking dancing lessons at the Y.M.C.A. to improve my form.

The young man works steadily, but does not make much money so he cannot afford to take me out very often. In spite of this we have many good times together. I am very keen about him, but do not know whether I love him. I've gone out with other boys, but I care for none of them as I do for Harry.

When he came to see me the other evening I knew there was something on his mind. Finally, when I insisted, he told me there was another girl. He has liked this girl all the time he has been coming to see me.

Harry's sister and I chum together, both being seniors in high school. I met him when I went to see her at her home. We liked each other from the first, and though we've had small quarrels, they were made up quickly and forgotten.

When Harry told me of the other girl I wanted to tell him not to come to see me again, but the words just wouldn't come. He says he believes he can forget her if I allow him to come to see me and if I don't get angry when he goes out with other girls who help him forget.

I do not drink or smoke, and my mother forbids me to go any place where liquor is sold. Harry takes other girls to these places which makes me jealous and unhappy. I promised him I would not go out with other fellows, but in one of my jealous moods I broke that promise and it made him furious, so he doesn't come to see me regularly any more. He blames me for our trouble—that broken promise. What can I do when I know he still likes the other girl?—J.D.

Comment: You can stop being a silly-billy and let the young man know you are a girl with a proper sense of justice and truth.

He is not going with other girls to forget the one girl—he is going with them because he wants to have a good time in a way denied to you. He wants to hold the first girl, you, and the others, too.

Subtract yourself from his collection of conquests. Put your association with him on a friendship basis, no promises given or asked by either of you.

(Copyright, 1939, by The Bell Syndicate, Inc.)

The inspector was paying his monthly visit to the village school. He examined the children in reading and general knowledge, and was very pleased with the answers he received.

After the last question had been asked and answered satisfactorily he rose to his feet and, looking at the upturned faces, remarked genially: "I wish I were a little boy at school again!"

He allowed a few minutes for this to sink in and then added: "Do you know why I wish that?"

For a moment or two there was silence. Then came a childish voice from the back of the room: "'Cos you've forgot all you ever knowed."

Leaders Drop as Market Retreats On Wall Street

NEW YORK, Feb. 20 (AP).—The stock market about-faced today and leading issues dropped 1 to more than 3 points.

Brokers again hauled out the foreign situation as at least part of the reason for what they termed "nervous and unimportant" selling.

Revival of apprehension in some speculative quarters was attributed to presidential hints of threatening developments abroad.

Domestic business news was faint in spots, but doubts were expressed here and there that the predicted Spring upturn would be all that was desired.

The Associated Press average of 60 stocks was off 1.1 points at 49.6 the most sizable recession in this composite since January 26. Transfers totaled 692,840 shares compared with 682,010 last Friday.

Taking its cue from a general decline in the share list, the bond market slid down fractions to around 3 points Monday.

U.S. Governments ended 5-32 lower to 3-32 higher.

Italian issues were poorly supported as attested by a loss of 2 1-2 points in Government 7's and 3 7-8-point slump in Milan 6 1-2's. Japan 6's dropped 2 1-2.

DOW JONES AVERAGES

Dow Jones averages closed today as follows:

Thirty industrials, 142.74, off 2.77.
Twenty rails, 29.55, off 1.00.
Fifteen utilities, 24.73, off 0.70.
Forty bonds, 90.27, off 0.21.

TORONTO PRICES AT MONTH'S LOW

TORONTO, Feb. 20 (CP).—Prices sagged to their lowest level of the month and volume was down to the smallest turnover for a full session in more than two months on Toronto Exchange Monday. Only 416,000 shares changed hands. Western oils perked up at the opening, but failed to hold and closed with a minor net loss.

Moneta Gold was off 10 to 1.12. MacLeod-Cockshutt off 20 to 2.30 and Hardrock off 8 to 1.40, and O'Brien down 15 to 1.70.

Stadacona dropped 8 to 82. Augite weakened 4.

International Nickel dropped 1 3-8. Smelters lost 1-2. Ventures and Waite-Amulet dropped 15 to 20 and Sherritt weakened 5. Eldorado lost 8.

Papers, steels, beverages and utilities figured in the decline. The final soft tone in the Western oils gave a narrow setback to Calgary-Edmonton, Calmont, Home, Okalta, Anglo-Canadian and Foothills.

WHEAT FUTURES UP BY FRACTIONS

WINNIPEG, Feb. 20 (CP).—Disturbing political news from Europe and freezing temperatures in sections of the United States Winter wheat belt combined to lift wheat futures prices fractionally in steady trading at Winnipeg today. Export sales of Canadian wheat were placed at around 150,000 bushels.

Final quotations were 3-8 to 1-4 cents higher, with May at 63 1-4, July at 63 7-8 and October at 63 3-8 cents. Liverpool finished 1-8d higher to unchanged. Chicago futures were 1-4 to 5-8 cents higher.

Buenos Aires was holidaying.

Trading in coarse grains brought out a small mill demand in oats and minor purchases of rye attributed to Southern interests, while cash wheat transactions were negligible.
